

VOLKSWAGEN

AUTOMATIC TRANSMISSION TIANJIN

Company Profile

Volkswagen Automatic Transmission (Tianjin) Co., Ltd. is a wholly-owned subsidiary of Volkswagen Group China, that broke ground for a new transmission plant in Tianjin in September 2012. Within the next 3 years, this plant will introduce three new types of transmissions to the Chinese market, which due to high-end technology will set new levels for our customers in terms of quality and driving comfort.

Furthermore, the new plant in Tianjin will be one of the first of its kind to implement the globally successful "Think Blue. Factory" - Concept. Hence, our company not only targets highest production standards, but also aims to consequently achieving most sustainable and effective usage of all resources.
